

K-LOVE serves me and my local community by offering not only offering good wholesome christian music but by offering 24/7 counseling, guidance, and prayer for those in need.

All you have to do is listen to K-LOVE especially during one of their pledge drives to see what an impact they make in so many peoples lives.

If the many wonderful services that K-LOVE provides were not available, a large group of people everywhere might not have the resources at hand when they needed it most. Just open your heart, mind and spirit and listen to K-LOVE and you'll see exactly what I mean.

Sincerely,
Julie Hagerman
